SECTION I - INTRODUCTION

- (a) This Advance Understanding is intended to document the principles and measures for evaluation of the Contractor's Human Resource Management (CHRM) programs and other items of allowable personnel costs and related expenses not specifically addressed elsewhere under this Contract. Any changes to the personnel policies or practices in place as of the effective date of this Contract which would increase costs, is subject to approval in advance by the Contracting Officer.
- (b) LLNL CHRM programs will comply with applicable Federal Acquisition Regulation (FAR) cost principles and FAR contract clauses, as supplemented by the Department of Energy Acquisition Regulation (DEAR), for all Human Resources (HR) programs, including but not limited to Compensation, Health and Welfare Benefits, Pension Plans, Training and Development, Employee Morale, Professional Society Memberships, Employee and Labor Relations, Diversity/Equal Employment Opportunity/Affirmative Action, Recruitment and Relocation. The Contractor shall use effective management review procedures and internal controls to assure compliance with the FAR, DEAR and this contract.
- (c) This Appendix A may be modified from time to time by agreement of the Parties. Either Party may, at any time, request that this Appendix A be revised. Parties hereto agree to negotiate in good faith concerning any requested revision. Revisions to this Appendix A shall be accomplished by executing a Contract Modification.
- (d) The Laboratory Director may make exceptions to the provisions of Appendix A when such exceptions are in the best interest of Contract operations or will facilitate or enhance Contract performance. Such Laboratory Director exceptions must be approved in advance by the Contracting Officer and included as a modification to this Appendix A prior to Contractor implementation.
- (e) The Laboratory Director, or designated representative, shall promptly furnish all reports and information required or otherwise indicated herein to the Contracting Officer. The Contractor recognizes that the Contracting Officer may make other data requests from time to time and the Contractor agrees to cooperate in meeting such requests.

SECTION II - HUMAN RESOURCES STRATEGY, BUSINESS PLANNING AND PERFORMANCE MANAGEMENT

- (a) The Contractor shall review its HR strategy to support the Laboratory mission with NNSA representatives at least annually. The Contractor shall use the Contractor Assurance System under Contract Clause H-4 in managing CHRM and improving the performance of CHRM functions and activities. Contract performance objectives and measures will be developed and revised annually in partnership with DOE/NNSA.
- (b) CHRM performance objectives, incentives, measures and targets will align with, and facilitate the achievement of the Laboratory mission; be limited in number; focus on

strategic results, systems-based measures, and assessment against industry best practices; be developed annually; be reviewed periodically to target key strategic objectives and results; and include outcomes that result in cost effective management of Laboratory human resources to support accomplishment of DOE/NNSA and Laboratory mission, strategy and objectives.

SECTION III - COMPENSATION

- (a) (1) Compensation Standards. The Contractor and NNSA agree that the elements below will be included in Laboratory compensation systems and will be the basis upon which NNSA will evaluate the Contractor's self-assessment required under the Contract's Section H Clause entitled "Workforce Transition, Contractor Compensation, Benefits And Pension." The elements are:
 - (i) philosophy and strategy for all pay delivery programs;
 - (ii) method for establishing the internal value of jobs;
 - (iii) method for relating the internal value of jobs to the external market;
 - (iv) system that links individual and/or group performance to compensation decisions;
 - (v) method for planning and monitoring the expenditure of funds;
 - (vi) method for ensuring compliance with applicable laws and regulations;
 - (vii) system for communicating the program to employees; and
 - (viii) system for internal controls and self-assessment.
- (2) Compensation for Key Personnel. The Contractor shall include in the Contractor's employment contract with each of its Key Personnel the following:

- (b) Salary increases.
 - (1) Any combination of salary increases for an individual in a single fiscal year, including merit increases and those resulting from reclassification and promotion, which result in a salary that is 25% greater than the employee's salary prior to the increase shall require prior approval by the Laboratory Director. Salary increases that exceed 15% shall be reported annually to the Contracting Officer.

- (2) Annual funding for promotions shall be included in the Compensation Increase Plan (CIP) request as a discrete line item.
 - (3) Administrative stipend for temporary assignments. An administrative stipend may be paid to an employee who is temporarily assigned responsibilities of a higher level position or other significant duties within the Laboratory not part of the employee's regular position. The sum of stipend and base salary shall not exceed the maximum salary of the higher level position. The Laboratory Director may authorize an administrative stipend up to 15 % of the appointee's annual base salary for a period not to exceed one year.

- (c) Compensation Increase Plan.
- (1) The Contractor shall submit a Compensation Increase Plan (CIP) proposal to the Contracting Officer 90 days prior to the beginning of the succeeding fiscal year.

Overtime hours worked by a nonexempt employee on a swing or owl shift are paid at the applicable shift differential rate times one and one-half.
 - (2) Exempt employees are not normally eligible for shift differentials; however, the Laboratory Director may approve a shift differential for an exempt employee when programmatic requirements necessitate a regular shift assignment for an extended period.
 - (3) The shift differential shall be included in payments for all types of paid leave, provided that the employee would have been expected to work that shift or shifts were the employee not on paid leave.
- (d) Call-in pay.
